Hackathon: driving the future of health education by tackling challenges together.

📅 16/05/25

Leadership and professional development: supporting transformations in healthcare systems and organisations.

PRE-HELIX SUMMIT 2025

13 May 2025

Barcelona

**Unique experiences
in continuing health education**

Morning: **ON-SITE EXPERIENCES**

 **13 MAY 2025 > 09.00 – 12.00 H**

 **Lugar:** Venue: various hospitals and healthcare organisations in Barcelona.

DESCRIPTION :

- Training sessions in different health and social care organisations in the Barcelona area.
- Those wishing to attend the summit can select a site of their choice when registering.
- Groups comprise 20-25 people and will be filled strictly on a first-come, first-served basis.
- Visits will take the form of a classroom-based presentation of the organisation's learning strategy.

OBJECTIVES :

- Explore the continuing education strategy – learning, teaching and talent development – and its impact in the organisation.
- Discover the organisation's initiatives and innovative education and corporate learning projects.

Hospitals and organizations

- Hospital Vall Hebron
- Hospital de Bellvitge
- Hospital Germans Trias i Pujol
- Hospital Clínic
- Hospital de Sant Pau i Santa Creu
- Institut Català de la Salut
- Institut Català d'Oncologia
- Fundación ASPACE
- Parc Sanitari Pere Virgili i UCF
- Sant Joan de Déu

Content

- Features of the Catalan healthcare system
- Human resources / people
- Training, learning and development strategy
- External teaching department
- Future strategies and unique initiatives in culture, talent, training and development.
- Opportunities for collaboration in continuing education.

Afternoon: "HOLA!" & INNOVATIVE XPERIENCES

 13 MAY 2025 > 15.00 – 17.30 H

 Lugar: MediaTIC building (district 22@, Barcelona).

CHARACTERISTICS:

- The MediaTIC Building in Barcelona's District 22@ will host a variety of spaces for exploring advanced technologies and methodologies.
- Participants can interact with learning technologies and models.

OBJETIVES:

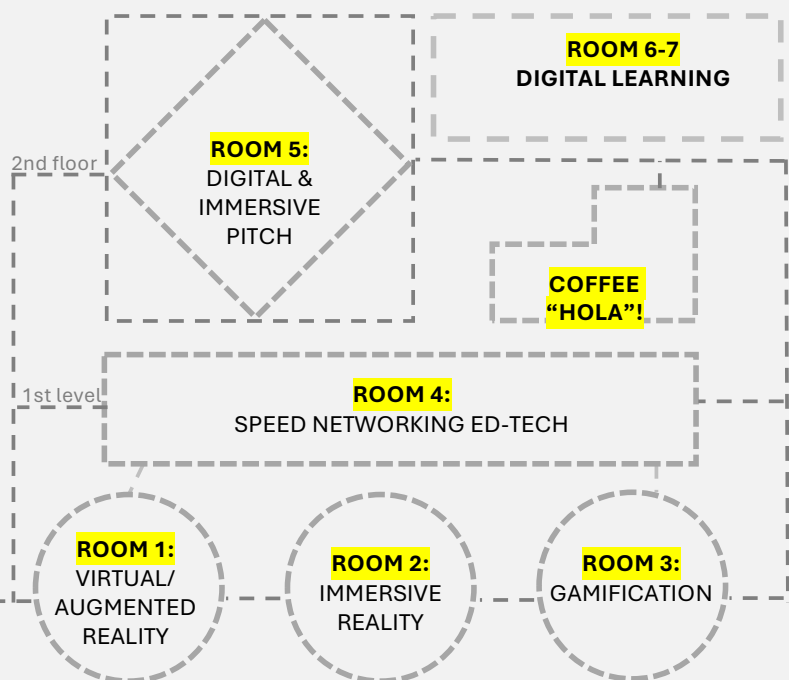

- Reflect on learning trends based on intensive use of disruptive and immersive technologies.
- Foster networking and interaction among HELIX 2025 participants.
- Interact with advanced learning technologies and strategies.

HELIX SUMMIT 2025

SUMMIT DAY 2

📅 15 May 2025

📍 Hospital Clínic de Barcelona

**HACKATHON: driving the future
of health education by tackling
challenges together.**

HELIX SUMMIT 2025. 📅 15 May 2025. 📍 Barcelona

PROGRAMME

HACKATHON WITH DESIGN THINKING METHODOLOGY

🕒 09.00h.

Welcome and assignment of breakout rooms.

Those wishing to attend the summit can select their topics of interest when registering.

Each challenge will take place in a separate room with 25-35 people.

Each room will work on different challenges linked to the topic.

Participants will use a Design Thinking methodology to co-create responses to the challenge.

The methodology will be shared at the start, and two international experiences will be used to kick things off.

Facilitators will be on hand throughout the collaborative session.

The solutions co-created by the groups will be shared in the days following the event.

🕒 09.15h.

CO-CREATION ROUND 1

Axis 1. Digital training.

- 1.1. New digital learning strategies.
- 1.2. New models and trends in online, hybrid and mobile learning.

Axis 2. Professionals at the center

- 2.1. Conectando simulación clínica con aprendizaje en el puesto de trabajo
- 2.2. Metodologías experienciales de aprendizaje en el puesto de trabajo.

Axis 3. Internal Trainers.

- 3.1. Methodologies and strategies for training in-house trainers, tutors, facilitators and educators.
- 3.2. Tools for learnability and autonomous and continuous learning

Specific challenges and facilitators to be confirmed.

🕒 11.15h.

Refreshments.

HELIX SUMMIT 2025. 📅 15 May 2025. 📍 Barcelona

PROGRAMME
