A UNIQUE OPPORTUNITY. SO...

PLAN YOUR PRIORITIES.

Beyond your selections, thoroughly review the calendar and planned activities to organize your own schedule according to your interests and needs.

TAKE ADVANTAGE OF DIVERSITY.

We will meet at HELIX, a community of people with a shared purpose: to promote innovative continuing education to improve the skills of healthcare professionals, teams, organizations and people's quality of life.

So, don't hesitate to connect with other colleagues, as one of HELIX's challenges is to build bridges of mutual collaboration.

To achieve this, it is important to put aside prejudices and biases regarding other countries, cultures, and organizations, as learning opportunities await everyone participating in the event.

PAUSE AND DISTANCE.

In the book "PAUSE: You Are Not a To-Do List," author Robert Payton talks about the importance of creating spaces for our development, innovation, creativity, and also for our personal well-being. So let's take a few moments, at least during HELIX, for that "Pause" mode that allows us to enjoy ourselves more.

PRE-HELIX

📅 13/05/25

Unique experiences in continuing health education.

> 09:00 -12:00 Teaching and training models in different organisations.

NEARLY 60 COMMUNICATIONS AND EXPERIENCES

We would like to thank all the people who wanted to share projects, experiences or initiatives with the rest of the participants in HELIX.

Given the large number, different rooms have been established in parallel to facilitate the different presentations.

IMPORTANT: There will be no simultaneous translation. There is a room with communications entirely in English.

INFORMATION:

1. If you have to share an experience, locate the place of your room and the exact time of the intervention.
2. Time slots have been planned in the planning to facilitate the mobility of people between rooms.
3. Given the number of activities, we recommend planning in advance the interventions you wish to attend.
4. All presentations will be shared after the congress with all participants.
5. After the HELIX congress, a certificate corresponding to the presentation will be sent to all people who have presented an experience.
